ELITE-IN

VISION

With our range of products, we are specifically focusing on the ecological aspects connected to a new lifestyle, where the outdoors symbolize being in touch with nature, where boundaries disappear and change. Our systems, working with renewable energy sources, are a valid answer to the need to preserve the world that we share with all living beings, to respect it and to keep it untouched.

MISSION

The legacy we have been carrying on for over thirty years is a centuries-old tradition, strongly connected to the Earth and its bounty. Our mission is loyal to the spirit of cultivating, ploughing, manuring, watering, and harvesting. Faithful to our model, we cultivate human relationships and coordinate production with harvest seasons – just as it happens in nature. This modus operandi helped us to create a design tailored to evolving markets, and consolidating an organic, consistent set of corporate ethics that creates value and opportunity.

MARQUEE

ELITE-IN

Elite-in is the internal structure version of the Elite model; available in square and rectangular layouts. Like the external-framed version, multiple compositions can be created for Elite-in with most of the models in the gazebo range. The largest reachable side with central column is 13 meters. The internal structural aluminum profiles free the Architectural ensemble from structural elements, greatly improving the integration of the design into the landscape or context.

GUARANTEE AND QUALITY

- The products are CE certified. The booklet with the DOP declaration of performance accompanies the product until its complete installation.
- Fireproof certificates are provided for each type of fabric used.
- The structures are structurally checked and comply with the loads required by the standards in force UNI EN 13782:2015 Temporary structures - Tents - Safety, DM 17 January 2018 Technical construction standards and UNI EN 1999 Eurocode 9 - Design of aluminum structures.
- The aluminum structural elements are guaranteed for five years*.
- Since 1990, we design and manufacture our collections entirely in Italy in our factory in Poggio Renatico.

* For more details on the guarantee, please refer to the general conditions of Giulio Barbieri S.r.l. published in the official price list.
